

PUT A LID ON MAIL ANXIETY

GSA APPROVED

BioSafe Mail is the original containment system for opening mail. Drop mail into the system, lock down the clear lid, and use the attached chemical resistant gloves to handle envelopes. Suspicious substances stay trapped in the system until the authorities arrive. Protect yourself, your business, your facility and your family with the original BioSafe Mail. Please visit our web site at www.biosafemail.com or call us at 1-800-4945551.
